

**Welcome to “Nikola Tesla EV Rally Croatia 2026” the quietest, greenest
and most beautiful rally in the world!**

**Join us on an electric journey through Croatia - the homeland of Nikola Tesla, a land of
nature, breathtaking beauty and endless inspiration.**

We are more than a rally – a movement that drives the change

The Nikola Tesla EV Rally Croatia is not just a race, it's an eco-lifestyle event that combines e-mobility, technology and sustainability with tourism. Since 2014., our unique rally has promoted green mobility, renewable energy, and Croatia's natural beauty, uniting visionaries and electric vehicle lovers from all over the world. Driving and EV through Croatia's panoramic roads is more than a journey - it's a statement of harmony between innovation and nature.

The energy that changed the world

Named after one of the greatest inventors in human history, the rally celebrates the spirit of Nikola Tesla – a man whose ideas shaped modern energy and communication. Tesla dreamed of free and clean energy for all, our rally symbolizes a step toward a world where mobility is silent, smart and sustainable.

Croatia - A destination of the future

The rally is designed as a celebration of sustainable travel. The route leads our through national parks, historic cities and coastal landscapes, supported by a network of charging stations. Each stop along the way offers a chance to experience local culture, traditional cuisine and authentic hospitality because luxury and sustainability are a perfect pair.

Why participate?

More than driving - A once - in - a Lifetime Experience

By joining the “Nikola Tesla EV Rally Croatia”, you become a part of international community that shares a passion for innovation, sustainability and adventure. Experience Croatia in a unique, eco-friendly way and drive through breathtaking scenery from mountains to sea.
